

Teresa Fields Community Hero Winner

Teresa Fields, Executive Director of Worcester Youth and Family, was recently honored by the Delmarva Broadcasting Company and CAT Country radio as a Community Hero Award winner. Mrs. Fields was nominated for her tireless work at Worcester Youth and Family, a non-profit based in Berlin, Maryland, where she serves as Executive Director. The agency offers a wide range of services including comprehensive counseling,

Lower Shore CASA (a program working with abused and neglected children), SAGES (a program helping adolescent girls), and Family Connections (a program helping impoverished families in Worcester County). In these tough economic times, the demand for services has been great, and Teresa has worked hard to ensure that Worcester Youth and Family is able to continue operating and serving the needs of the community.
